Board of Assessment Review Resignation Letters:

Donald Domurad, Duane Travis, Mary Kay Sullivan

COMMITTEE REPORTS:

Kirkwood Town Fair and Parade: Councilwoman Yonchuk reported the theme of the Fair is to honor local law enforcement. At 11:00 AM on Saturday a ceremony will be held at Veterans River Park recognizing local law enforcement at which Senator Akshar will be speaking. In regard to the parade, she said SEFCU, which does a great job with community based programs, has again this year obtained use of the BC Trolley. Anyone, especially senior citizens, are invited to ride the Trolley which is very nice, it is old fashioned looking but motorized. They will be picking up anyone that wants to ride, from children to senior citizens, at the big parking lot near the river at Veterans River Park at about 9:45 AM. A reminder that the parade is at 10:30 AM this year.

Senior Citizen Picnic:

Councilwoman Yonchuk reported about 75 people attended the senior citizen picnic which was held on July 27th at Veterans River Park.

Comprehensive Plan Hearing:

Councilman Grubham reported a Comprehensive Plan Hearing for the entire town will be held August 23, 2016 at 6:00 PM at Bell School. Post cards will be sent to town residents. The final plan will be presented to the Town Board at either the September or October meeting.

Veterans Memorial:

Councilman Grubham reported he and Ray Coolbaugh have been working on getting some figures together regarding the cost to repair the Veterans Memorial in Veterans River Park. Preliminary estimates are between \$10,000 and \$12,000 to have it done correctly. The Kirkwood Town Fair Committee donated \$4,000 last year, but they will have to supplement that amount.

Recycle Bins for Parks:

Ray Coolbaugh said according to Broome County Solid Waste the only time they let recycle bins out is when there is an organization borrowing them for 3 or 4 days. He got the name of the company where they can be purchased at 5 for \$299, and the clear bags can be bought locally. He will provide additional information at the next meeting. He

added that he doesn't want to go with a garbage can for recycling because so often you get garbage.

Employee Injury:

Councilman Diffendorf reported that Tim Finch got injured and lost a day of work. He fell off a ladder at Grange Hall Park and sprained his shoulder. He did follow it up with another doctor but is currently working.

Time Warner:

Supervisor Kniffen reported that Time Warner is now owned by Charter and going under the name of Spectrum. The Town's agreement with Time Warner actually expired in 2012 and renewal has been on hold because of the possible merger and other situations. Charter has been asked for a copy of a new agreement. He also noted before the merger they had been trying to get Time Warner to extend cable coverage to some of the back roads and some areas of Route 11 by dealing with Dave Whalen, who was somewhat optimistic that something could be done. Since the merger Dave is no longer there so the Town is working with a new person. Supervisor Kniffen's understanding is that currently the requirement is 20 homes per mile to qualify for cable coverage and the Town would like to specify the roads and places where they would like coverage extended and make that part of the agreement and see how it goes. Councilman Weingartner added he thinks it is less about cable television and more about internet capability. Supervisor Kniffen said one thing in the Town's favor is that part of the agreement when the merger took place is that Charter had to open up cable television to another 145,000 homes that currently are not serviced. He said Mr. Blaise is reviewing the agreement. There are currently some questions the Town has asked that haven't been answered as yet.

Ritter Property:

Supervisor Kniffen explained there is a code issue with property across the railroad tracks off Rt. 11. The Code Department has served the owner with notice to appear in local court about the two trailers that have been there for years and are such an eyesore. They haven't been able to do fire inspections at the apartment house with three apartments to determine if it is safe. Hopefully the Town will be successful in getting that eyesore cleaned up.
